www.apple.com/education/mobilelabs/promo

Education Solutions

Apple iPod Learning Lab

The Apple iPod Learning Lab provides schools with the ideal solution for managing multiple iPod players in the classroom. The solution includes (20) 80GB iPod players housed in a durable, versatile, and an easy-to-use Apple-exclusive mobile cart capable of charging and managing up to 40 iPod players. With the cart's ability to sync up to 20 iPod players at a time from one computer and charge up to 40 iPod players at one time, educators can spend less time setting up individual iPod players and spend more time teaching. The mobile cart's secure, roll-top door can be locked for iPod storage, which means there is no need to worry about lost or stolen iPod players. The cart also includes room for storage of four notebook computers and a variety of iPod accessories. And, because the cart is mobile, it can be rolled from classroom to classroom for easy transport and storage.

Recommended add-ons: The MacBook is an ideal companion for the Apple iPod Learning Lab. Create compelling education content with iLife and organize and share that content via iTunes. Apple Professional Development prepares teachers to effectively integrate iPod players and podcasting into their curriculum.

Optional accessories: Belkin TuneTalk Voice Recorder, Griffin iTalk Pro Microphone for iPod, iPod AV Connection Kit, Apple iPod Camera Connector

For more information, please visit http://www.apple.com/education/products/ipod/learninglab.html

Apple iPod Learning Lab
The Apple iPod Learning Lab includes (20) 80GB iPod players (silver); (1) Bretford PowerSync Cart for iPod capable of charging and managing up to 40 iPod players; (1) A getting started guide for incorporating iPod and iTunes into the classroom.

BC955LL/A	Apple iPod Learning Lab	6999.00
BC956LL/A	Apple iPod Learning Lab w/ AppleCare Protection Plan - Auto Enroll for each iPod	7899.00

The AppleCare Protection Plan for iPod extends your iPod's 90 days of complimentary single-incident phone support and one-year warranty to up to two years of world-class support from the original purchase date of your iPod. The Plan includes expert telephone assistance for both iPod and iTunes, global repair or replacement coverage for iPod and its included accessories (excluding the carrying case) and comprehensive web-based support resources. The AppleCare Protection Plan for iPod Terms and Conditions are available on Apple's website.
United States: www.apple.com/applecare

Apple Mobile Learning Labs

Purchase any qualifying Apple Mobile Learning Lab from October 11, 2007 to December 24, 2007 and receive a free Epson PowerLite 83c Multimedia Projector valued at $899.

This offer is good while supplies last and subject to change without notice.

For more information visit: www.apple.com/education/mobilelabs/promo

Apple Mobile Learning Labs provide schools with flexible and convenient access to technology, easily transforming any classroom into a digital learning environment. Each mobile lab includes a classroom set of computers, AirPort wireless networking, a laser printer, and Apple Remote Desktop for classroom management—all housed in a durable, versatile, and easy-to-use Apple-exclusive mobile cart, ready to roll into any classroom. The new Bretford mobile carts include heavy-duty casters that make them easier to move, compartments that can hold any size Apple notebook, and a rubber mat on the top shelf for extra stability for accessories.

Recommended add-ons: Apple Digital Learning Series learning solutions designed as ideal companions for the mobile labs, and Apple Professional Development to prepare teachers to effectively integrate mobile lab technology into their curriculum.

For more information, please visit www.apple.com/education/mobilelabs.

Apple Mobile Learning Lab (10 MacBook computers)

BC872LL/B	Apple Mobile Learning Lab (20 MacBook 1GB computers)	21999.00
BC873LL/B	Apple Mobile Learning Lab (20 MacBook 1GB computers) w/ AppleCare Protection Plan - Auto Enroll for each MacBook	25599.00

AppleCare Protection Plan extends your built-in AppleCare coverage to a full three years from the purchase date of your new Apple product. Choose AppleCare Protection Plan - Auto Enrollment if you're buying computers to be covered. Upon receipt of your purchase order, Apple will enroll each computer in the plan, and then mail you a proof-of-coverage certificate as well as an AppleCare Protection Plan CD and Quick Reference Guide for each computer. The AppleCare Protection Plan terms and conditions are available on Apple's website. United States: www.apple.com/applecare

Setup Services for Mobile Labs and Apple Digital Learning Series Software

Setup services are available for Apple Mobile Learning Labs and Apple Digital Learning Series software.
Additional Setup Services are available. Please call (1-800-800-2775) to discuss your requirements with an Apple representative.

Setup Services for Apple Mobile Learning Labs

Have your Apple Mobile Learning Lab set up and configured properly by an expert Apple technical representative. We can ensure that your Macintosh systems, software and networks are well integrated into your environment and configured for optimal use. Learn how to use the equipment included in the solution.

Setup includes the following services:

- Unpack and test each MacBook
- Unpack, test and configure the AirPort Base Station
- Unpack, test and connect the included printer
- Load printer drivers on each system
- Install Apple Remote Desktop on each system
- Test the AirPort Base Station signal in three different locations within the facility
- Connect the entire lab to your local area network, if available
- Move packing materials to a designated location on the school site

Set up does not include:

- Installation of any software not included with the Apple Mobile Learning Lab
- Connection of any additional peripherals or equipment to any system not shipped with the Apple Mobile Learning Lab.
- Installation of Airport Cards in any additional systems (AirPort Extreme is built-in to the MacBook computers purchased within the Apple Mobile Learning Lab)
- Set up or configuration of any additional systems (beyond the quantity shipped with the Apple Mobile Learning Lab)
- Wireless assessment or installation of a wireless or wired network
- Testing of any equipment where a network connection is not readily available and operational

• Installation of additional network connections
• Removal of packing materials from the school site (hauling)

D2384LL/B	Setup Services for 1 Apple Mobile Learning Lab (for up to 10 MacBook computers)	749.00
D2385LL/B	Setup Services for 1 Apple Mobile Learning Lab (for up to 32 MacBook computers)	999.00

Setup Services for Apple Mobile Learning Lab with software installation of Apple Digital Learning Series Software

Services include:
• Setup Services for Apple Mobile Larning Labs (as described above) for up to 32 MacBook computers
• Installation of one (1) Apple Digital Learning Series solution bundle OR up to four (2-4) Apple Digital Learning Series solution bundles, knowledge transfer of the software installation process

D3725LL/A	Setup Services for 1 Apple Mobile Learning Lab with software installation of 1 Apple Digital Learning Series solution	2000.00
D3726LL/A	Setup Services for 1 Apple Mobile Learning Lab with software installation of up to 4 Apple Digital Learning Series solutions	3900.00

Apple Digital Learning Series

Apple Digital Learning Series provides a collection of value-priced curriculum solutions, designed as ideal companions to Apple Mobile Learning Labs. The solutions offer software and tools for enhancing student information access and productivity, and increasing achievement in language arts, math, and science. Educator-recommended and standards-based products included in each collection come from leading educational developers, provide an engaging and media-rich learning environment, and help educators meet No Child Left Behind goals and requirements. ADLS solutions run on Intel-based or PowerPC-based Mac computers. For additional system requirements, please visit www.apple.com/education/adlsrequirements.

For more information, please visit www.apple.com/education/adls

NOTE: Apple Professional Development two-day workshops are available to help educators integrate Apple Digital Learning Series solutions into their classroom. Visit www.apple.com/education/apd for more information.

AppleCare Protection Plan extends your built-in AppleCare coverage to up to three years from the purchase date of your new Apple product. Choose AppleCare Protection Plan - Auto Enrollment if you're buying computers to be covered. Be sure that each purchase order has the same number of computers as Auto Enrollment options. Upon receipt of your purchase order, Apple will register each computer in the plan, and then mail you a proof-of-coverage certificate as well as an AppleCare Protection Plan CD and Getting Started Guide for each computer. If you are purchasing Mac mini, Mac Pro, or MacBook Pro along with Apple-branded displays, take care to choose "with Display" so that the display is registered for coverage as well. The AppleCare Protection Plan terms and conditions are available on Apple's website. United States: www.apple.com/applecare

17-inch MacBook Pro

The 17-inch MacBook Pro models are equipped with a 2.4GHz Intel Core 2 Duo™ processor, 17" TFT display with 1680-by-1050 resolution, 160GB 5400-rpm hard drive, and 8X double layer burning SuperDrive (DVD±R DL/DVD±RW/CD-RW) for burning CDs and DVDs. The MacBook Pro also includes built-in iSight Camera, Front Row with Apple Remote, three USB 2.0 ports, one FireWire 800, one FireWire 400 port, DVI video out (DVI to VGA adapter included), optical digital input/line in, optical digital output/headphone out, built in stereo speakers an internal microphone and ExpressCard/34 slot. Built-in communications include Bluetooth 2.0 + EDR, 10/100/1000 Base-T Ethernet (Gigabit), and AirPort Extreme Card for wireless networking capability. All models come standard with the NVIDIA GeForce 8600M GT graphics processor, dual-link DVI functionality and 256MB dedicated GDDR3 graphics memory. Standard on all models is the Sudden Motion Sensor (SMS) for help with hard drive protection and a backlit keyboard with ambient light sensors. For more information, please refer to product data sheets or the MacBook Pro web site (http://www.apple.com/macbookpro). Bundled software includes: Mac OS X, Spotlight, Dashboard, Mail, iChat AV, Safari, Address Book, QuickTime, iLife, iCal, DVD Player, Aperture Trial, iWork Trial, Microsoft Office 2004 for Mac Test Drive, Xcode Developer Tools, Apple Hardware Test.

Mac Pro

With a redesigned professional enclosure optimized for greater expansion and accessibility, the new Mac Pro quad Xeon 64-bit workstation features two Dual-Core Intel Xeon "Woodcrest" processors running at up to 3.0GHz with 4MB of shared L2 cache per processor and 1.33GHz dual independent frontside buses. The Mac Pro can be configured (via Configure-to-Order online ordering, CTO) with two 2.0GHz, 2.66GHz, or 3.0GHz Dual-Core Intel Xeon processors. All Mac Pro systems feature a new 256-bit wide fully buffered memory architecture and include 1GB (2x512MB) of 667MHz DDR2 fully buffered ECC memory, expandable up to 16GB. The NVIDIA GeForce 7300 GT with 256MB of GDDR2 SDRAM, one dual-link DVI port and one single-link DVI port is the standard graphics card, with optional graphics card upgrades available. All Mac Pro systems feature four Serial ATA 3Gb/s hard drive bays and include a 250GB SATA 3Gb/s 7200 rpm hard drive, with multiple configurations available, for up to 2TB (4x500GB) of internal storage. A 16x SuperDrive with double-layer support (DVD+R DL/DVD±RW/CD-RW) is standard in all systems, and Mac Pro can be configured with up to two 16x SuperDrives. All systems include a new double-wide PCI Express graphics slot and three full-length PCI Express expansion slots.
All Mac Pro systems also include: two FireWire 800 ports, two FireWire 400 ports and five USB 2.0 ports. Networking includes two Gigabit Ethernet ports, an optional internal AirPort Extreme wireless module, and an optional external Apple USB modem. An optional Bluetooth 2.0+EDR internal module is also available. Audio support includes optical digital input/output, analog line-level input/output, front, headphone minijack, and speaker. Software includes Mac OS X, Spotlight, Dashboard, Mail, iLife, Office 2004 for Mac Test Drive, and more.

Also included are an Apple Keyboard, Mighty Mouse, USB keyboard extension cable, DVI to VGA adapter, and power cord.
Service and support is 90 days of toll-free telephone support and one-year limited warranty.
For more detailed information, please refer to the Mac Pro web site (http://www.apple.com/macpro)

Mac OS X Maintenance

D2084LL/A	Mac OS X Maintenance 36 Months 10+ with CPU Mac OS X Maintenance is a 3 Year Agreement, payable in advance, during which the customer will receive Major Upgrades to the Mac OS X product. Minimum order quantity is 10 for Mac OS X Maintenance, and valid orders must include the same or greater quantity of computers (any combination of iMacs, PowerMacs, iBooks, or PowerBooks) as Maintenance Agreements. Terms and conditions apply.	99.00

Xserve

Featuring a high-bandwidth system architecture designed to provide phenomenal performance in a 1U rack-optimized enclosure, the new Xserve quad Xeon 64-bit server features two dual-core Intel Xeon "Woodcrest" processors running at up to 3.0GHz, each with 4MB of shared L2 cache and a 1.33GHz independent frontside bus. Xserve can be configured (via configure-to-order "CTO" online ordering) with two 2.0, 2.66 or 3.0GHz dual-core Intel Xeon processors. Xserve features a 256-bit wide fully-buffered memory architecture and includes 1GB (2x512MB) of 667MHz DDR2 ECC FB-DIMM memory, expandable up to 32GB. Xserve systems feature three Apple Drive Module expansion bays which can support Serial ATA (SATA) as well as high-performance 15,000-rpm Serial Attached SCSI (SAS) drives and two x8 PCI Express expansion slots (one which can be configured as a PCI-X slot). The base configurations come with two dual-core 2.0GHz Intel Xeon processors, a single 80GB SATA Apple Drive Module, a slot-loading Combo (DVD-ROM/CD-RW) optical drive, and a single 650W power supply which can be upgraded to dual-redundant power supplies via CTO. All Xserve system include: two on-board 10/100/1000 Base-T Gigabit Ethernet ports, internal graphics with 64MB of RAM and a mini-DVI output (mini-DVI to VGA adapter included), two USB ports, three FireWire ports (one FireWire 400 on front, two FireWire 800 on back), a DB-9 serial console port, and lights-out management capabilities through the included Server Monitor software. Mac OS X Server, Unlimited client license version, and rack-mounting hardware is included. Service and support is 90 days of toll-free telephone support and one-year limited warranty.

For more detailed information, please refer to product data sheets or the Xserve web site (http://www.apple.com/xserve).

To minimize downtime, purchase a bundle that includes both an AppleCare Service Parts Kit for Xserve and an AppleCare Premium Service and Support Plan. When you combine an AppleCare Service Parts Kit with the AppleCare Premium Service and Support Plan, Apple experts can often help you troubleshoot and fix your system right over the phone, day or night, so you won't have to wait for a technician. Xserve is designed for quick serviceability of crucial parts; no special training or certification is required. AppleCare Service Parts Kits let you keep key modules handy to address the most common hardware failures and the AppleCare Premium Service and Support Plan provides the support you need to get up and running quickly. AppleCare Service Parts Kits for Xserve include a logic board, a power supply, and a fan array.

D2336Z/A	Mac OS X Server Maintenance 36 Months Unlimited Client Single Server Mac OS X Server Maintenance is a 3 Year Agreement, payable in advance, during which the customer will receive any Major Upgrades to the Mac OS X Server Software product. Customers must be licensed for the current version of Mac OS X Server in order to be eligible to purchase Mac OS X Server Maintenance. (Purchase of Server Hardware currently listed in this section constitutes being Licensed for the current version of Mac OS X Server.) Maximum order quantity for Mac OS X Server Maintenance is limited to the number of systems owned by the customer that are licensed for the current version of Mac OS X Server.	499.00

Xserve RAID

Xserve RAID systems feature a rack-optimized 3U enclosure with dual independent hardware RAID controllers each with 512MB cache, redundant load sharing power supplies and redundant cooling modules. Xserve RAID supports up to fourteen Apple drive modules for a total capacity of 7TB. RAID Admin Java-based management and monitoring software is included. Complete rack-mounting hardware is included. For more detailed information, please refer to product data sheets or the Xserve RAID web site (http://www.apple.com/xserve/raid).

SECTION B: APPLE PROFESSIONAL SERVICES & AppleCare SUPPORT

Apple Professional Services - Project Management

Project Management

Project Management provides logistical support for an entire project, from planning through the execution and closing. A Project Manager will organize the project and integrate resources as well as manage the scope, schedule, costs, quality communications, risk, project changes and closure. Total project hours will be estimated based on an assessment of the scope, time and project complexity

D4462LL/A	Project Management Consulting Weekly	9000.00
D4463LL/A	Project Management Consulting Weekly prepaid •Prepaid services must be used within 12 months of ordering	9000.00

To obtain a detailed quote or to obtain more information contact your Apple sales representative or phone 1-800-800-APPL (1-800-800-2775). Please call before you order.

Apple Professional Services - Integration Services

Apple provides experienced Technical Services Consultants (TSC) or provider Senior Engineers to address a wide range of technologies.

Notes:

- The number of days required should be determined after a review of the customers requirements. Please call (1-800-800-2775) to discuss your requirements with an Apple representative.
- May be provided at multiple locations with additional charges; contact your Apple sales representative for more information
- May not be available in certain geographic locations; contact your Apple sales representative for more information
- Performed Monday-Friday 8:00 a.m. to 5:00 p.m. local time
- Authorized on-site contact with name and phone number must be provided
- Authorized on-site contact must be able to provide access to the work site and an authorized signature when work is completed
- Travel may be required and additional expenses incurred depending on customers distance from the nearest Apple Technical Service Representative:

Integration Services

•Technical Consulting resources will be dispatched to provide consulting services, technical services and/or customized technical training in a variety of core technologies.
•Typical technical consulting services are provided in several broad categories as follows:

AppleCare Products

AppleCare Protection Plan for MacBook/ iBook (for Purchases of 250+ MacBook/ iBooks)

AppleCare Protection Plan (APP) for MacBook extends the complimentary coverage on your MacBook to four years of Apple-authorized service and expert support. The full APP Terms and Conditions are available on Apple's website.
The plan includes expert telephone assistance, repair coverage, web-based resources, and TechTool Deluxe from Micromat.

Ordering information:

- The AppleCare Protection Plan for MacBook part number must be on the same purchase order as the hardware and in equal quantities, i.e. X CPU's and X APP. The APP should be on the line above or below the hardware selected for Protection Plan coverage.
- A MINIMUM of 250 MacBooks with an EQUAL quantity of APP must be purchased on the same purchsae order.
- Auto Enrollment automatically matches the Hardware Serial Number to the extended coverage in the Apple Warranty System.
- A Proof of Coverage Statement (POC) will be sent to the ship-to address reflecting the coverage period, serial number(s), product description with Terms and Conditions, and Web Site information. Additionally, one TechTool Deluxe CD will be included for each CPU. The POC statement will include Apple's sales order number as a reference. (NOTE: A single POC with CDs is mailed for each sales order.)
- IMPORTANT: The outside of the hardware finished goods box does NOT indicate the product has been auto enrolled for AppleCare Protection Plan. Therefore it is recommended that auto enrolled products and products without auto enrollment be purchased on separate purchase orders.

To place an order, please call 1-800-800-2775.

AppleCare Premium Service and Support Plan - Enrollment Kits

The AppleCare Premium Service and Support Plan delivers up to three years of coverage for Xserve or Xserve RAID systems. You get telephone and email support 24 hours a day, seven days a week. Apple experts can help diagnose hardware failures and software issues related to RAID Admin or the graphical user interface in Mac OS X Server. Apple-authorized technicians provide onsite hardware repairs with 4-hour response during buisness hours and next day response when you contact AppleCare after business hours. Onsite response time and availability of onsite service depend on your location. For details about the AppleCare Premium Service and Support Plan, including availability of onsite service in your area, visit www.apple.com/support/products/premium

Buy a separate AppleCare Premium Service and Support Plan for each Xserve or Xserve RAID purchased. Please note that to be eligible, the system must be under its original one-year warranty. Coverage is not activated until after you enroll by following the instructions in your enrollment kit. Choose hardware bundles that include the AppleCare Premium Service and Support Plan and your plan will be automatically enrolled. Coverage ends three years after your Xserve or Xserve RAID system purchase date.

AppleCare Service Parts Kits for Xserve and Xserve RAID

To minimize downtime, purchase both the AppleCare Service Parts Kit for Xserve or Xserve RAID and an AppleCare Premium Service and Support Plan. When you combine an AppleCare Service Parts Kit with the AppleCare Premium Service and Support Plan, Apple experts can often help you troubleshoot and fix your system right over the phone, day or night, so you won't have to wait for a technician. Xserve and Xserve RAID are designed for quick and easy swapping of crucial parts; no special training or certification is required. AppleCare Service Parts Kits let you keep key modules handy to address the most common hardware failures and the AppleCare Premium Service and Support Plan provides the support you need to get up and running quickly. AppleCare Service Parts Kits for Xserve include a logic board, a power supply, a fan array and a PCI Fan. AppleCare Service Parts Kits for Xserve RAID include a RAID controller module, a power supply, a cooling module and an Apple Drive Module. It is recommended that customers buy one kit for up to ten systems purchased.

Mac OS X Server Software Support Products

Mac OS X Server Software Support delivers consultative phone and email support for advanced server operation, migration and integration issues. All three plans provide support for technical issues that require the use of command-line tools for resolution. Whether you have occasional questions or you need assistance on a regular basis, Apple has a plan to fit your requirements. Each plan provides up to one year of coverage. Each plan also includes AppleCare Help Desk Support and a single copy of AppleCare Help Desk Tools. AppleCare Help Desk Support provides each designated contact an unlimited number of support incidents for software installation, launch, and use; hardware and software diagnosis and troubleshooting; and issue isolation for Apple-based solutions. In addition, each of your designated contacts will have access to Apple's professional online support resources, including private and monitored discussion boards, online updates of the latest tools and software patches, and prompt email notification of Apple technical issues. AppleCare Help Desk Tools provides a library of Mac OS installation and hardware diagnostics discs that is updated quarterly. For details about Mac OS X Server Support, visit www.apple.com/support/products
